

# EC1340 – Spring 2016

Take home final

Due 5pm, May 9, 2016

Matt Turner

The object of this assignment is to use what you have learned in the course to assess whether a climate change policy of your choosing will do what it is intended to do and/or whether it is a good idea.

Please proceed as follows:

- By Wednesday April 20, pick the policy you would like to investigate and clear it with me. Some places you might look for policies are:
  - <http://climateobserver.org/>
  - <http://www.robertstavinsblog.org/author/rstavins/>
  - <http://www.sustainableprosperity.ca/researcher-categories/low-carbon-economy>
- Hand in and discuss with me a one page outline of what you propose to do.
- Hand in your final project by May 9, 5pm.

Write as much as you need to to answer the question you pose for yourself, but I do not expect more than 3-5 pages.
